Sunnyside Camp

FISHING - FRIENDS - FRESH AIR

Relax at Sunnyside Camp. Enjoy friends, excellent fishing and the outdoor beauty of the Winnipeg River!

Fresh air does the spirit good. Fish on the river, have a relaxing lunch at your cabin or enjoy a shore lunch among the pine trees from your catch. Later take a nap, fish, go for a swim, fish, enjoy a hike or take a drive through miles of uninhabited forests - remember what it's like to listen to the sound of silence - then go fish some more!

Create lasting vacation memories while exploring the Winnipeg River area - go online or call today for vacation information and rates.

FISHING AND RELAXATION

*WHY just think about it,
WHEN you can do it!*

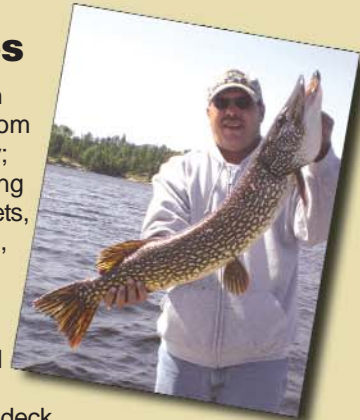

Trophy Fish - CATCH & RELEASE

We encourage guests to take pictures of any trophy fish caught, and release them. Big fish are hereditary and the genetic strain can be lost from over-harvesting the big ones. We can provide information on obtaining a replica of your trophy.
